Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. (NRS 642.019, 16 CFR 453)

As a green funeral home, Green Farewells does not embalm as routine care. Embalming is performed only at the family's specific request and written authorization.
